

## Investment Strategy

The investment strategy of the LOYS Philosophie Bruns Fund may generally be categorized as "Long/Short Equity, long biased". Our edge is the identification and exploitation of undervalued stocks on the international developed equity markets. Our investment universe thereby is not limited to specific countries or sectors; in principle any stock exchange traded company all around the world can be a potential investment. On basis of a fundamental bottom-up analysis, the fund will trade equity that is significantly undervalued. We demand a margin of safety and do not enter a new position until we have identified a high-quality share that trades with at least 30% discount to its fair value. The foremost criteria for the portfolio composition is the absolute attraction of the traded company itself, which is measured by the degree of the undervaluation that we have identified. The composition of the fund solely depends on the number and the attraction of the available equity that meet our requirements. Accordingly, the fund does not have to be fully invested on the equity markets: whenever the portfolio manager considers that no or not enough investment opportunities are meeting our criteria described above, the fund holds cash.

AuM in Strategy:	140.5 million EUR
Liquidity / Price fixing:	Daily

\* management fees cover all fund expenditures, no hidden fees

## Fund Management Commentary

The LOYS Philosophie Bruns continued its upward trend at the start of the summer with a monthly gain of just under 1.5%. Meanwhile, June brought with it some wildness and new highs. The military attacks by Israel on Iranian nuclear facilities and important regime exponents led to American involvement. In the meantime, the actions led to a sharp rise in energy prices. In the absence of an escalation in the conflict, the financial markets found their way back into the euphoria lane. American shares reached new highs and European shares led the way. The US dollar, on the other hand, lost considerable ground. In Europe, several central banks lowered their key interest rates, while in Switzerland they are back at zero percent. The LOYS Philosophy Bruns includes Ontex from Belgium, a new position in the consumer sector. In the UK, Vistry and Wizzair shares were acquired. Molson Coors shares were on the US shopping list. Sanofi was added to the portfolio.

## FACTSHEET

## LOYS Philosophie Bruns

### Important Information:

<sup>1</sup>The gross value development (BVI method) takes into account all costs incurred at fund level (for example, the management fee) with the exception of any front-end load that may be incurred (this is otherwise marked separately). Additional costs may be incurred individually at customer level (e.g. custody account fees, commissions and other fees). Model calculation (net): One investor would like to purchase units for EUR 1000. With a maximum initial sales charge of 5%, he or she must spend a one-off of EUR 50. Additionally, custody account costs may be incurred which affect the performance of the portfolio reduce the deposit costs. The custody account costs result from the price and service list of your Bank. This document is for informational purposes only and does not constitute an offer or solicitation of an offer for the LOYS Philosophie Bruns and may not be used as an offer or solicitation. Predictive statements are based on assumptions. Since all assumptions, predictions and statements simply reflect the current view of future events, they are quite naturally subject to inherent risks and uncertainties. Thus, they should not be regarded as guarantees or promises regarding future performance. Investors are alerted that future performance can vary greatly from past results. Especially performance results referring to a period of less than twelve months (Year-to-date-performance, start of investment fund within the last twelve months) does not reliably indicate future results due to the short period of comparison. Hence, the future performance of the investment cannot be guaranteed. Sole basis for the purchase of units are the offering documents of this product (the latest prospectus, the Key Investor Information Document, the latest statement of accounts and - if older than 8 months - the latest half-year review) that can be requested free of charge from LOYS AG, Barckhausstr. 10, 60325 Frankfurt am Main, from Ampega Investment GmbH, Charles-de-Gaulle-Platz 1, 50679 Köln, as well as from representative in Switzerland 1741 Group, Burggraben 16, 9000 St. Gallen, [www.1741group.com](http://www.1741group.com) and from the paying agent in Switzerland, Frankfurter Bankgesellschaft (Schweiz) AG, Börsenstrasse 16, Postfach, 8022 Zürich). The paying and information agent in Germany is Hauck & Aufhäuser Privatbankiers KGaA, Kaiserstraße 24, 60311 Frankfurt am Main.

The units issued by this fund may only be offered for purchase or sold in jurisdictions in which such offer or sale is permitted. The units of this fund may not therefore be offered for purchase or sold within the USA or to or for the account of US citizens or US persons domiciled in the USA. This document and the information contained herein may not be distributed in the USA. The distribution and publication of this document and the offering or sale of the fund's units may be subject to restrictions in other jurisdictions as well.
